May 2022 - Mini addendum

## *Welfare Report - Christine Johnstone*

Starting from the beginning of the year, an update on some of our members.

Cheryl Osborne had some ongoing medical checks for her heart. Hope you are going OK Cheryl.

Ian Miller's toe operation went well, all OK.

Lindsay Baker has some ongoing shoulder problems as well as contracting Covid in May. He is on the mend.

Meanwhile best wishes were conveyed to Elaine Baker who not only recovered from Covid, but has had surgery following an attach of kidney stones.( where will it end for the Bakers).

Sympathy card was sent to Denise Brewer, a past member, on the passing of her husband Robert.

June Spencer's sister passed away and a sympathy card was sent. Thinking of you June.

Chris Gould had Covid, hope you are recovering well.

Contacted Laurie to enquire how Erica was and wish her all the best for her upcoming surgery and ongoing treatment.

After leaving our Tumut gathering, Linda Heffer had quite a few car problems, resulting in a couple of weeks waiting for parts.

If sick cars now count as a welfare item, what about sick vans?

That wouldn't work: not enough space in the newsletter - *Ed*
